

## **DGS Employee of the Week: Vincent Price**

The Department of General Services (DGS) is pleased to feature Vincent Price as Employee of the Week! Vincent has been an Electrician in the Annapolis Capitol Complex since joining DGS almost four years ago.

As one of three electricians in the Complex, Vincent can be found all around the DGS facilities--including the State House--mostly maintaining lights, tube bulbs and ballasts. Prior to joining DGS, he was self-employed in the electrical and real estate fields.

A graduate of an apprenticeship program at Anne Arundel Community College, Vincent holds a Journeyman's License, which essentially means that he is certified to perform electrical work

unsupervised. He has two grown children – a son who is serving in the U.S. Navy and a daughter who is a college student.

He enjoys his job at DGS because the work is interesting and of varying difficulty. “I like a challenge,” Vincent said.

Outside of work, Vincent’s free time is spent working on his interactive motorcycle experience business, Iwheelie.com. The business offers a motorcycle “wheelie” machine where riders can experience riding a wheelie on a real motorcycle in a safe environment. Vincent has taken his wheelie machine to events up and down the East Coast and even as far west as the Indianapolis Motor Speedway. Events have included parties, open houses and auto- or motorcycle-themed special events.

The Maryland Department of General Services thanks Vincent for all of his hard work and dedication toward making the Department successful in carrying on the tradition of ***Doing Great Service!***
